

CORRUGATED HOPPER PACKAGES

Meridian's 5" corrugated wall sheets allow for a wider 47" sheet increasing the overall capacity of the bin compared to other bin manufacturers.

Meridian's 27" diameter bin lid and remote bin lid opener makes accessing the bin lid with the auger quick and easy. The 30° sloped bin roof has extra high ribs for added strength and the 35° hopper cone has a rack and pinion slide gate for quick and easy unloading.

The below packages feature a Meridian Bin Package with a Prairie Steel hopper cone and skid. Prairie Steel hopper cones and skids are Engineered for durability, efficiency and long-term performance.

STANDARD OFFERING		
30° bin roof 27" diameter bin lid with remote opener - Roof inspection hatch	5" corrugated wall sheets - Sidewall ladder (with no cage) - Roof ladder c/w side handrail - Level alert – grain level gauge 35° hopper cone	- Rack & pinion slide gate - Double or triple skid - Powder coated paint finish
