FEEDING INSTRUCTIONS:

Step 8 - Hi-Fat Horse feed has been designed to be fed to performance horses, growing horses and stallions. Horses should be fed according to their individual needs (condition, age, level of activity etc.) in at least 2 separate feedings per day, approximately 0.5 - 1.0% of body weight per animal per day.

CAUTION:

Feed directions for use must be carefully followed.

Individual results from the use of this product may vary due to the management, environment, genetic, health and sanitation differences. Hi-Pro Feeds does not warrant or guarantee results.
