Sodium (Actual)	0.17%		

FEEDING DIRECTIONS:

Organic 17% Poultry Grower should be fed as the sole ration to either growing broiler chickens from 3 wks of age to market weight or to replacement laying chicks from 7 to 18 weeks of age or until the first egg is produced. Can be fed to ducks and geese from 4 weeks to market. May also be fed to finishing turkeys and game birds from 11 weeks to market. Oyster shell or insoluble grit could be sprinkled on the feed once a week at the rate of 0.5 to 1.0 kg per 100 birds. Allow birds access to fresh water at all times. Laying Pullets will eat approximately 6-7 kg of grower between 7 and 18 weeks of age, depending upon the strain and housing conditions. Meat birds will eat about 6-7 kg of grower between 3 and 8 weeks of age.

Features and Benefit

- ❖ **Certified Organic Feed**
 - Made using certified organic commodities and only organic approved micro ingredients. Organic ingredients are non-GMO varieties and are not treated with chemical pesticides
- ❖ **Dual Purpose Grower**
 - Can be used to grow organic laying pullets as well as finishing organic meat birds
- ❖ **Nutritionally Balanced**
 - Formulated to provide protein, energy, vitamins, and minerals in an optimal balance for your growing organic birds.
- ❖ **Crumbled Feed**
 - Easy to handle, less waste, and the birds get balanced nutrition in every peck.
- ❖ **No Animal Byproducts**
 - Our Organic Chick Starter is formulated with whole grains and vegetable proteins without the use of animal byproducts.
