PRODUCT FEATURES

- Does not contain urea, protein is from natural sources
- Suitable for sheep, goats and horses
- Feed with excellent quality pasture or stored forages (14% protein or higher)

16 AN PROTEIN MULTI TUB SUPPLEMENT FOR BEEF CATTLE, EQUINE, SHEEP AND GOATS ON PASTURE

REGISTRATION #920361

This feed contains added Selenium at 6.0 mg/kg.

INGREDIENTS

Beet molasses, soybean meal, distillers dried grains, vegetable fat, monocalcium phosphate, dicalcium phosphate, limestone, zinc sulfate, manganese sulfate, sodium selenite, ethylenediamine dihydriodide, cobalt carbonate, vitamin A acetate, vitamin D3, vitamin E.

FEEDING DIRECTIONS

Provide free-choice as a supplement to pasture beef cattle at the rate of one block for each 15 to 25 head. Place blocks in each pasture near areas frequented by livestock, such as watering locations, shade or loafing areas. Cattle normally consume approximately 0.34 kg per head daily. Sheep and goats normally consume approximately 116 g per head daily. Consumption may vary depending on climate, grazing conditions, condition of livestock and/or availability of other feeds. In situations where climate and/or other factors result in consumption of less than 0.34 kg per head for cattle and less than 116 g per head for sheep and goats daily, intake of supplements can be increased by increasing the number of blocks per pasture.

CAUTION

Direction for use must be carefully followed.

Do not use in association with other feeds containing supplemental Selenium.

Provide access to fresh water and free-choice salt at all times.
