Phosphorus (Actual) 0.9%		
Sodium (Actual) 0.35%		

Feeding Directions

Hoffman's 16% Fat Plus Horse Ration is a part of the Hoffman's line of equine feeds. This feed is intended to be fed at 0.4 – 1.5 kg per head daily, in at least 2 equal, separated feedings. Good quality hay should be fed at 1.5 – 2.5 kg per 100 kg of body weight. This ration is intended for horses needing more body condition. This ration is also well suited for senior horses that need extra energy to maintain weight. The actual feeding level will be determined by the quality of the forage, level and intensity of the work, and the condition of the horse. This feed is intended for horses over 1 year of age. Always allow free choice access to clean water, salt and Hoffman's Horse Mineral.

Features and Benefits

- ❖ **An 18% fat level supplemental ration for horses needing more body condition**
- ❖ **Low NSC and starches**
 - Low starches allow for the horse to have a more collected mind in training and performance
- ❖ **Fat-based energy sources**
 - Allows for a longer lasting and cooler energy
- ❖ **Pelleted**
 - Consistent intake and nutrient levels formulated using quality ingredients
