INGREDIENTS: A list of the ingredients used in this feed may be obtained from the manufacturer or registrant.

FEEDING INSTRUCTIONS:

Feed 60% CP Corn/ Cereal Winter Supplement for beef cattle at the rate of 200 grams/head/day as part of a total ration to mature beef cows or bulls in good body condition.

Example Ration: Mix 8kgs of 60% CP Corn/Cereal Winter Supplement for beef cattle with 992 kgs of corn/cereal forage or silage to create a 1000 kg ration and feed to cows weighing 545 kgs (1200 lbs) consuming 2.5% of body weight on a dry matter basis.

Use formulas issued by your UFA Representative to make sure the beef rations are properly balanced.

CAUTIONS:

1. Directions for use must be carefully followed
2. This supplement contains added copper. Do not feed to sheep.

REMINDER:

"Individual results from the use of this product may vary, due to management, environmental, genetic, health and sanitation differences, therefore United Farmers of Alberta does not warrant or guarantee individual results"
