Sodium (min)	1.00 %	Vitamin D (min)	33,000 iu/kg
Potassium (min)	2.50 %	Vitamin E (min)	1760 iu/kg

FEEDING DIRECTIONS:

Act SF 16% Plus Beef Cattle Supplement Tub is designed for self-feeding to growing and mature breeding cattle. Provide free choice as a supplement to pasture cattle at the rate of 15 to 25 head per tub. Place tubs in pasture near areas frequented by cattle, such as watering locations, shade, or loafing areas. Consumption may vary depending on number of head per tub, climate, grazing conditions, condition of cattle and/or availability of other feeds. Cattle typically consume 0.45kg per head daily. In situations where climate and/or other factors results in consumption other than desired, intake of supplement can be increased or decreased by adding or reducing tubs per pasture. Provide free access to fresh, clean water and salt at all times. Contact a United Farmers of Alberta Cooperative LTD representative for more information.

CAUTION:

- 1) Directions for use must be carefully followed.
- 2) Consumption of this product by sheep or goats may result in copper toxicity.

PRÉCAUTION:

- 1) Le mode d'emploi doit être soigneusement suivi.
- 2) La consommation de ce produit par les moutons ou les chèvres peut entraîner une toxicité du cuivre.

Individual results from the use of this product may vary due to management, environmental, genetic, health and sanitation differences; therefore, ADM Animal Nutrition does not guarantee individual results.
