FEEDING INSTRUCTIONS

- Feed free choice to mature sheep (75 kg or heavier) on pasture or in dry lot. Achieve an intake of 10 grams per head per day. Feed proportionally less to lighter animals.
- Provide a source of fresh, clean water at all times while feeding any PROSTOCK mineral

CAUTIONS & DISCLAIMER

1. Directions for use must be carefully followed.
2. This Sheep Mineral should be part of a complete and well balance diet for mature ewes and rams.
3. This mineral contains no added copper. Sheep are susceptible to copper deficiency and copper toxicosis.
4. Consult a qualified nutritionist or veterinarian to determine the suitability of this feed to local conditions.
5. This product contains salt, no further salt needs to be added.

Individual results from the use of this product may vary due to management, environmental, genetic, health and sanitation differences. Therefore, UFA does not warrant or guarantee individual results.
